

Perl - the unique wine-growing region

Wine is enjoyed by many in the Upper Moselle region, with its open borders.

Modern winemaking families in the districts of Perl, Oberperl, Sehndorf and Nennig have been growing excellent, award-winning wines on approximately 120 hectares for centuries; Burgundy wines in particular thrive here, making the municipality of Perl a **unique wine-growing region** within the Saarland.

Discover these outstanding wines for yourself during a wine tasting! The wineries of the region will be delighted to welcome you.

Discovering the romans...

Experience **Roman history first hand** at the Roman villas in Borg and Nennig. Here, you will embark on a journey through time unlike any other.

The Roman Villa Borg, a reconstructed villa rustica and open-air museum, provides an insight into farm life in ancient times on a site measuring approximately 7.5 hectares.

Luxurious spa culture, turbulent tavern life, an archaeological museum and typical Roman garden architecture bring the spirit of our ancestors back to life. In the tavern of the Roman villa, the kitchen prepares Roman specialities based on recipes drawn up by a roman gourmet.

The Roman Villa in Nennig boasts one of the **largest and best preserved** Roman floor mosaics north of the Alps, measuring an impressive 161 m² in total. The fight scenes the mosaic depicts and the eventful life in the former villa are explained in an accompanying multimedia show.

Not far from the villa, on the outskirts of Nennig, is a hill that can already be seen from afar. This **Roman tumulus** (burial mound), dubbed the „Mahlknopf,“ which is modeled after the grave of the emperor Augustus in Rome, is an impressive testament to the importance of the villa's former owner.

Treat yourself to a break in the open tri-border area and enjoy millennia-old culture, spectacular scenery, and living pleasure.

Perl

At the Haus der Saarländischen Weine (House of Saarland Wines), you can taste and buy wines produced by almost all Saarland wineries - and, of course, wines from France and Luxembourg as well.

Or why not enjoy fine wines in the fresh air as part of a **wine tasting hike**, accompanied by a winemaker or sommelier.

The beautiful **wine trail** in the district of Sehndorf allows visitors to learn more about viticulture in the municipality.

Sun-drenched orchards with hundreds of fruit trees provide the fruits to make the traditional „Viez“ (apple wine) and selected brandies. The inviting restaurants of the region offer **Saarland and Moselle Franconian** specialties and delicacies from neighboring countries France and Luxembourg to accompany the wines they serve. Don't miss out on this culinary experience!
